At the AGM and the Class Meetings, resolutions will be proposed to the Shareholders to, among other things, approve and adopt the 2017 Scheme and its related matters.

The purpose of this supplementary circular is to provide you with more detailed information concerning the proposed resolutions at the AGM and the Class Meetings in relation to the 2017 Scheme and its related matters.

II. PROPOSED ADOPTION OF THE 2017 SCHEME

The 2017 Scheme is formulated to further refine the corporate governance structure of the Company, improve corporate incentive systems of the Company, enhance loyalty and sense of responsibility of the management and key personnel of the Company, retain talent for sustainable development of the Company and safeguard the realization of development targets of the Company.

A summary of the principal terms of the 2017 Scheme is set out in Appendix I on pages 16 to 34 to this supplementary circular.

III. PROPOSED GRANT

1. Source and number of Shares under the 2017 Scheme

The source of the underlying shares of the Options which are proposed to be granted to the Participants under the 2017 Scheme shall be A Shares denominated in RMB.

The total number of underlying A Shares in relation to the Options that may be granted under the 2017 Scheme shall not exceed 150,000,000 A Shares, representing approximately 3.6% of the Company's existing total issued share capital and approximately 4.4% of the total number of A Shares as at the Latest Practicable Date and approximately 3.6% of the Company's total issued share capital as at the date of approval of the 2017 Scheme by the Shareholders (assuming no further changes in issued share capital from the Latest Practicable Date and up to the date of approval).

The Options under the 2017 Scheme will be granted all at once and the Proposed Grant (including the Options to be granted to the Directors and chief executives) has been approved by the independent non-executive Directors on 24 April 2017.

Based on the terms of the 2017 Scheme, the Proposed Grant and the share options granted under the 2013 Scheme, the total number of Shares issued and to be issued upon exercise of the share options granted to each participant (including both exercised and outstanding options) in any 12-month period would not exceed 1% of the Company's total A share capital.

LETTER FROM THE BOARD

2. Exercise periods and performance targets before Options can be exercised

The exercise of the Options under the Proposed Grant is subject to a vesting period of two years, during which period the Options are not exercisable. Subject to the fulfillment of the exercise conditions, the Options under the Proposed Grant can be exercised in batches in the manner set forth below:

Exercise period	Duration	Proportion of Options exercisable to the total number of Options granted

For detailed information, please also refer to the paragraph headed “Validity Period, Date of Grant, vesting period, Exercise Date, exercise period and lock-up provisions” in Appendix I to this supplementary circular. In addition, Options may only be exercised by the Participants upon fulfillment of the conditions as set out in the paragraph headed “Conditions of grant and exercise of the Options” in Appendix I to this supplementary circular. These requirements, together with the exercise period as mentioned above, may enable the Company to provide incentives to the Participants to motivate their pro-activeness and creativity in using their best endeavors to facilitate

LETTER FROM THE BOARD

the growth and development of the Company. The above also correlates their interests with the long term development of the Company, and allows sustainable development of the Company.

Data used in and results of the calculation are as follows:

LETTER FROM THE BOARD

VII. WAIVER FROM STRICT COMPLIANCE WITH THE HONG KONG LISTING RULES

The exercise price of the Options proposed to be granted under the 2017 Scheme shall be RMB17.06 per A Share, which is the higher of:

- (i) the average of the trading prices of the A Shares on the last trading day immediately preceding the date of the announcement of the summary of the 2017 Scheme (i.e. 19 April 2017), which was RMB17.06 per A Share; and
- (ii) the average of the trading prices of the A Shares for the last 120 trading days immediately preceding the date of announcement of the summary of the 2017 Scheme, which was RMB16.34 per A Share.

According to the Incentive Measures promulgated by the CSRC, the exercise price of the Options shall be the higher of:

- (i) the average of the trading prices of the A Shares on the last trading day immediately preceding the date of announcement of the draft scheme; and
- (ii) one of the average of the trading prices of the A Shares for the last 20 trading days, 60 trading days or 120 trading days immediately preceding the date of the announcement of the draft scheme.

In respect of (ii) above, the Company has selected the average of the trading prices of the A Shares for the last 120 trading days immediately preceding the date of the announcement of the summary of the 2017 Scheme.

Note 1 of Rule 17.03(9) of the Hong Kong Listing Rules requires that the exercise price must be at least the higher of (i) the closing price of the securities as stated in the daily quotations sheet of the Hong Kong Stock Exchange on the date of grant, which must be a business day; and (ii) the average closing price of the securities as stated in the daily quotations sheets for the five business days immediately preceding the date of grant.

However, since the Options subject to the Proposed Grant relate to A Shares only and are subject to the approval of the Shareholders at a general meeting, A Share class meeting and H share class meeting, and the determination of the exercise price is in accordance with the relevant rules and regulations promulgated by the CSRC and in view of the practical difficulties involved, the Company has applied for, and the Hong Kong Stock Exchange has granted, a waiver from strict compliance with Note 1 of Rule 17.03(9) of the Hong Kong Listing Rules. For details of the determination of the exercise price under the 2017 Scheme, please refer to the paragraph headed “Exercise price and basis of determination” in Appendix I to this supplementary circular.

LETTER FROM THE BOARD

VIII. 2013 SCHEME

The 2013 Scheme was approved and adopted on 15 October 2013 and all share options under the 2013 Scheme were granted on 31 October 2013 to a total of 1,528 participants involving options to subscribe for 102,989,000 A Shares, with three separate exercise periods upon fulfillment of the respective exercise conditions. The registration of the grants under the 2013 Scheme was completed and the initial exercise price of the share options was RMB13.69.

As disclosed in the announcement of the Company dated 22 July 2015, the number of share options under the 2013 Scheme was adjusted to 123,586,800 and the exercise price was adjusted to RMB11.22 after the implementation of the 2013 profit distribution plan and the 2014 plan for profit distribution and conversion of capital reserve. As disclosed in the announcement of the Company dated 27 October 2015, the exercise conditions for the first exercise period of the share options were fulfilled, and there were 1,424 participants entitled to exercise the share options, and the exercisable share options for the first exercise period was 34,884,360. As disclosed in the announcement of the Company dated 15 July 2016, the exercise price of the share options was further adjusted to RMB10.97 as a result of the implementation of the 2015 profit distribution plan. As disclosed in the announcement of the Company dated 27 October 2016, the exercise conditions for the second exercise period of the share options were fulfilled, and there were 1,350 participants who were entitled to exercise the share options, and the exercisable share options for the second exercise period was 33,101,640. As disclosed in the announcement of the Company on 23 March 2017, the exercise conditions for the third exercise period were not fulfilled due to the non-fulfillment of conditions pertaining to the business results of the Group for the year ended 31 December 2016. As a result, share options in respect of the third exercise period of 44,356,320 shares in aggregate will lapse with immediate effect and will be withdrawn and cancelled by the Company following the consideration and approval of the 2016 financial report at the AGM.

In accordance with the terms of the 2013 Scheme, the first exercisable period for the share options expired on 31 October 2016 and the second exercisable period for the share options is due to expire on 31 October 2017. In view of the imminent expiry of the remaining share options under the 2013 Scheme and that no further options can be granted under the terms of the 2013 Scheme, the Board believes that it is opportune time to adopt the 2017 Scheme in order to continue to incentivize key personnel of the Group.

Of the share options granted under 2013 Scheme, as at the Latest Practicable Date, a total of 55,928,490 share options had lapsed or cancelled in accordance with its terms, and 60,847,376 A Shares had been issued in respect of the exercise of the share options granted. As at the Latest Practicable Date, the number of outstanding share options granted under the 2013 Scheme was 6,810,934.

Other than the 2013 Scheme, the Company had not adopted any other share option scheme as at the Latest Practicable Date. As the Board had adopted “one-off” grant of share options to participants under 2013 Scheme pursuant to the then applicable “Administrative Measures on Share Incentives of Listed Company (Preliminary)”

LETTER FROM THE BOARD

promulgated by the CSRC, no further options may be granted under the 2013 Scheme as at the Latest Practicable Date. Based on the terms of the 2017 Scheme and the Proposed Grant: (i) the total number of A Shares which may be issued upon exercise of all options to be granted under the 2017 Scheme would not in aggregate exceed 10% of the Company's A share capital as at the date of approval of the 2017 Scheme; and (ii) the maximum number of A Shares which may be issued upon exercise of all options to be granted under the 2017 Scheme and all outstanding options granted and yet to be exercised under the 2013 Scheme would not exceed 30% of the Company's A share capital in issue from time to time.

Where: P0 represents the exercise price before the adjustment; n represents the ratio of consolidation of Shares (i.e. one Share shall be consolidated into n Shares); P represents the adjusted exercise price.
